How to Use This Pack

Simple steps for joyful rhyme time

1

Pick one rhyme

Start with a short favourite.

2

Choose one toy

Use a puppet, bus, animal, or soft toy.

3

Sing slowly

Give your child time to watch and copy.

4

Let them join

Pointing, smiling, moving, or one sound counts.

5

Repeat often

Children build confidence through repetition.

6

Extend the play

Ask what happens next or add a new character.

Parent Reminder

Keep rhyme time short, playful, and pressure-free. Your child may watch quietly before joining in. That is still learning.
